Three Birds
Casual

![Three Birds Casual logo]

Three Bird's Casual specializes in the design, manufacturing, and distribution of premium grade fine casual living products. Our teak casual furniture is the choice among retailers, designers, and architects who desire to offer their clients select quality with exceptional value.

Teak has been well known for centuries for its quality, durability, and beauty. Teak is a very hard, densely grained wood with a high oil content. The unique combination of these characteristics makes teak naturally resistant to moisture, rot, warping, shrinking, splintering, insects, fungus, marine bores, and termites, making it the ideal material for the creation of outdoor furniture.

Three Birds Casual's outdoor living products conform to the highest quality and construction standards. We accept only grade A, plantation-grown teak harvested from government-managed plantations in the production of our furniture.

We have built a reputation for developing products that give customers the ability to create unique and beautiful outdoor living spaces. If you desire to work with one of the best manufacturers in the casual outdoor living market, then you should consider Three Birds Casual.

Chelsea

Our Chelsea Extension Dining Tables offer versatility and style in round and oval shapes. The sizes of our Chelsea Round and small Chelsea Oval are perfect for people who have smaller living spaces but love to entertain. The self-storing leaves allow you to add two extra place settings when either table is opened to its maximum length.

Chelsea

The unique design of the Rectangle and Oval Chelsea Extension Tables allows you to add up to four more place settings. The larger versions of the Chelsea table are 80" in the closed position which comfortably seats up to eight, and extends to an impressive 115", seating up to twelve. The design of the self-storing double extension leaves allows for an umbrella to be used in both the open and the closed positions and provides maximum convenience by eliminating the need to remove the umbrella when changing the table size.

Extension leaves fold conveniently inside the table.

Riviera

Stunning and thematic, the Riviera collection combines a solid teak frame with the highest quality Texitlene® sling; put together with marine grade stainless steel. Textilene® is woven from polyester yarn coated with PVC resulting in an extremely durable material that is nearly impossible to tear. In addition to resistance from fading and mildew, the fabric's greatest feature is a flexibility that molds to each user's shape which allows for unprecedented comfort. Stacking chairs can be stacked up to six high.

Bella

Three Birds Casual's Bella products are made using aluminum frames which are wrapped with hand-woven synthetic wicker. The wicker is UV resistant, colorfast, environmentally friendly, weatherproof and easy to clean. On Bella products which feature arms, Plantation teak is used as an accent to exude luxury. All Bella cushions are custom made in-house with foam and Dacron cores covered with Sunbrella® fabric.

Cushion Box Elegant, durable, and quintessential; the Cushion Box is perfect for storing pillows, toys, or pool accessories outdoors. The lid of the box is silicone sealed to keep out moisture and features a hydraulic system for safety purposes that keeps the box from slamming shut, while slats at the bottom provide ventilation.

Flower Box Teak flower boxes are the perfect accessory to accent the rest of your outdoor space. With a variety of different sizes, the versatility allows this accessory to fit in many different spaces.

Trash Receptacle

Stool, Tray, Stand & Mat

Out of sight, out of mind. Bring elegance to any outdoor space by cleverly concealing waste with beautiful teak that will not detract from the atmosphere but add to it. The Top Load Trash Receptacle features a smoothly functioning door, removable teak lid, and removable (23 gallon) durable bin.

Accessories are designed to be used outdoor and around water all year round. These small additions to living spaces help add yet another layer of attention to detail.

Care & Maintenance

General FAQ

Teak wood is an incredible material that allows for different looks and styles depending on how you maintain it if you choose to maintain it at all. DO NOT oil, stain, or wax your teak furniture. It is made to last long durations of time without needing to do any of these. We recommend storage of products that feature slings or wicker inside during winter. Any products that are all teak or a teak/metal hybrid can be left outside all year. As teak ages, it will naturally turn to the highly coveted gray color. Most stains can be easily removed quickly by simply spotting the stain location.

TC10 – Teak Cleaner

This cleaning solution helps restore teak wood to its original color. While its original gold color cannot quite be achieved after it is gone, this solution will turn the wood to a clean blond color.

TC30 – Teak Shield

Teak Shield helps protect teak tabletops from spills and stains, preventing unwanted materials from soaking into the wood as easily. Apply after Teak Cleaner and/or Teak Protector if applicable.

FB20 – Sling, Upholstery, & Fabric Protector

Fabric Protector helps prevent food and drink stains from seeping into cushion and sling fabric.

SS20 – Stainless Steel Protector

Stainless Steel Protector helps prevent stainless steel from rusting and oxidizing; maintaining the new sheen for a longer time. Recommended if within 10 miles of salt water.

TC20 – Teak Protector

Teak Protector will prevent the oxidation of teak wood by maintaining its original gold color. Apply once or twice a year depending on geographical conditions. If using Teak Cleaner, apply after.

FB10 – Sling, Upholstery, & Fabric Cleaner

Fabric Cleaner is an easy-to-use salutation that removes dirt and stains from both cushions and sling chairs alike.

SS10 – Stainless Steel Cleaner

Stainless Steel Cleaner removes any rust, oxidation, or dirt that appears on stainless steel. Useful for both stainless steel products and maintaining hardware on teak products.
